County To Deport 75 Beet Workers

Fourteen families of Mexicans, including about 75 persons in all, will be sent by Boulder County back to Old Mexico, tomorrow, Mrs. Florence Burton, county welfare worker, said today.

The families came to the county in the hope of getting work in the beet fields, but were unable to do so.

The county is defraying their expenses on the return trip.

MARRIAGE LICENSE

J. W. Chester Davis, 21, and Gwendolyn McGillvray, 21, both of Boulder, obtained a marriage license in Denver yesterday.

Description of Boulder Gardens

The Camera would appreciate news concerning gardens in and near Boulder. If notices will be sent to the editor of the location of gardens that are deserving of writeups he will attempt to assign some member of the staff to that work.

Boulder has many beautiful gardens and the paper desires to show appreciation for the attempt being made to make Boulder more beautiful, and at the same time to encourage others in this daudable work.

SOCIAL SERVICE TO ASK C. U GREEKS FOR THEIR OLD CLO

"Persons have responded generously, as usual, to ou
thru The Camera, for donations of food, clothing and cas
the needy," Mrs. Anna Powless, Social Service secretary,
day.

"We are so swamped with requests, however, that
will be grateful for all contributions," she said.

The Social Service is going to try a new plan to
ing gifts.

"Knowing of the annual 'auction sales' that fratern
sororities at the University hold just before the close
spring quarter, we thought we'd ask these students to
contributions they can."

Many groups already have volunteered to give appa
sorts to the Social Service for distribution to famili
community.
