# In Longmont in 1925, 8 children were said to attend the "Sisters" school (presumably St. John's School), but without indication of grade level. Later figures do not differentiate between the schools.														
## Boulder's Catholic schools were Sacred Heart and, for a few girls, Mount St. Gertrude.														
~ Includes 1 at the university by end of the year														
* All of these lived in Lafayette town, not the rural district
